1. Implementation of the CUPAGIS project in Algeria

The members of the meeting discussed the start of the Cupagis project, and defined the different coordination methods between the Algerian partners and the European partners

3- 3- 2. Distribution of tasks in the first year

The most important aspects are (i) review of the existing curricula and formulation of the plans for the new one, (ii) identification of specific equipment for teaching of the new curricula that could be purchased from the CUPAGIS project. These plans should be ready by September, at latest.

3. Preparations for dissemination activities for 2019–2020

The partners agreed that effective dissemination is crucial for the success of the project. Every partner will organise in-house events, and inform others about wider coverage.

4. Any other business

The partners agreed to meet and/or contact regularly, to reach optimum distribution of efforts and a good set of necessary equipment.
